1. INTRODUCTION

This First Amended Plan of Reorganization (the "Plan") under chapter 11 of the United States Bankruptcy Code proposes to pay creditors of MICHAEL DECKER from net cash flow from future income from the operation of his business.

This Plan provides for five (5) classes of secured claims, two (2) classes of priority unsecured claims, and one (1) class of general unsecured claims. This Plan also provides for the payment of administrative and priority claims. Unsecured creditors holding allowed claims will receive distributions, which will total at least ten cents on the dollar (\$0.10). Debtor estimates this will require total combined payments to unsecured creditors of \$175,000.00. Debtor estimates that in a chapter 7 liquidation bankruptcy case, creditors would receive a total combined distribution of \$0.00 or approximately zero cents on the dollar (\$0.00). Thus, this Plan provides unsecured creditors substantially more than they would receive in a liquidation case.

All creditors should refer to Sections 3-6 of this Plan for information regarding the precise treatment of their claim. A disclosure statement that provides more detailed information regarding this Plan and the rights of creditors and equity security holders has been circulated with this Plan. **Your rights may be affected. You should read these papers carefully and discuss them with your attorney, if you have one. If you do not have an attorney, you may wish to consult one.**
